Good practice examples of community engagement methods in the CO-GREEN communities: Elbląg, Górnó, Wiazowna and Starachowice (PL), Cosenza Panebianco, Cavalese and Magione (IT), Rijeka and Croatian Debut (HR)

Focus on the role of the Green Activators and the methods they can use to encourage community participation and engagement. Preliminary questions:

- What are the expected skills of the Green Activator?
- How a Green Activator would act to encourage the green transition of his/her community?
- What community development methods can they use to encourage community involvement?
- What type of initiatives would they undertake?

18.00 **Concluding remarks.** Evaluation of the Salerno School. Award of Diplomas to participants
